

# NEWMARKET DAY OF ACTION

On **September 8th**, in the midst of a snap federal election, and right before the federal leaders' debates, **people across Canada will join with 350.org to march and rally in our communities from coast to coast to coast.** Together, we will ensure that the **climate emergency** is a top issue in the federal election this fall.

## THE NEWMARKET PLAN: A BOLD VISION

The vision for the Newmarket climate action is to have regional activists, local residents, and students from the area lining the sidewalks of Yonge Street from the southern town limit to the northern town limit.

**The Newmarket demonstration starts at 12:00 pm, and goes until 2:00 PM.** With your participation and your creative climate signs, Newmarket will send a loud message to our federal parliament.

**CANADA IS  
ON FIRE!**

Help demand  
an end to fossil  
fuels and a just  
transition to a  
renewable  
economy.
