

# RBC Day of Action, October 29th, 2021

RBC is the biggest funder of fossil fuels in Canada, and the 5th biggest funder of fossil fuels in the world.

Since the 2015 Paris Climate Agreement was signed, the Royal Bank of Canada has poured over \$200 billion into fossil fuels.

During the **October 29th Day of Action Against Fossil Fuels**, regional activists, local residents, and students from the Newmarket / Aurora area will be demonstrating outside the **RBC branch at 16591 Yonge Street, Newmarket, Ontario**.

**The Newmarket demonstration starts at 4:30 pm, and goes until 6:00 PM.**

We are asking the Royal Bank of Canada to stop funding climate destruction and the violation of Indigenous rights. With your participation, and with your creative fossil fuel divestment signs, Newmarket will send a loud message to RBC and to any other other banks that seek profit from the destruction of our planet.
